

Anti-fat bias: Is there an association between implicit anti-fat bias and a selected exploratory variable?

N. Wakim (School of Public Health)

Keywords — Linear models, Linear regression, Anti-fat bias

I. Background

- A few bullets here from your introduction
- Lorem ipsum dolor sit amet, consectetur adipiscing elit
- Lorem ipsum dolor sit amet, consectetur adipiscing elit
- Lorem ipsum dolor sit amet, consectetur adipiscing elit
- Need to include your research question here

II. Methods

- A few bullets here for your methods
- Bullet describing model selection
- Bullet describing the variables in your final model

III. Results

- Include a regression table here using
`tbl_regression()`

IV. Conclusion

V. Discussion
